of the year!*

Happy Saint Patrick's Day

Robert (Bob) Wilhelm
5/21/1928 ~ 2/21/2014

Dear Friends at PCC: Bob and I would like to thank our friends and neighbors for the wonderful "Welcome Back" that we just couldn't make. Putting the awnings up, washing and starting the car. Valentines and the poster just to name a few. Everything. We so appreciate all the work, effort and love. Bob needed to be home where he wanted to be and was until the end. Hospice is a Godsend. He was never a patient person so I'm guessing he said, "Let's get this over with" and he did. Diagnosed on Jan 9, 2014, six weeks. He never had pain and did not linger after the drugs started. Hospice came in on Thursday morning Feb 20th and he passed at 4:37 a.m. Friday, Feb. 21. We had a long, busy and fun life together. He was 85. We would have celebrated our 60th wedding anniversary on May 21st. WOW! Also, I want to thank everyone for their cards, e-mails, concern and prayers. We are so blessed. Thanks again. Jean, Bobby and Tammy Wilhelm

Valentines Day Party

District 4 held the Valentine's Day Party on February 15th with 98 tickets being sold and 94 attending. A lasagna dinner was enjoyed by all. Bill and Marcie Arendt's 50th Anniversary was recognized with the couple giving everyone a pen with their name on it.

The first dance was dedicated to them. Danny Albani soon had everyone on the dance floor doing the Chicken dance, line dancing, and polka and all of the favorite traditional songs. He entertained his with song and saxophone. The party really got started with "red solo cup" song. Virginia Sequin, being the oldest in attendance was given a dozen red roses as our special valentine. The two ticket drawings of Parrot Key gift cards went to Bill Arendt and Genny Seskevics. Two 50/50 awards of \$50.00 went to Sarah Lombard and Sue Hobot.

The box game was organized by Annette Riesterer and was enjoyed by all.

Two \$20.00 gift cards from Publix were given to the last two people having the box.

The evening continued with dancing and songs until 10:30 ending in a large circle and song of God Bless the USA and a toast to the troops.

A big thanks to all of our district 4 workers.

You did a great job. !!! *Jane and Margaret*

Friday, January 31st District 3 hosted the first pancake breakfast for 2014. Everyone pitched in for great team results. Good food and fun for a rainy

day. Served: 85;

Mary Gumm and Michelle Archer

FEBRUARY BREAKFAST
76 People enjoyed a breakfast of pancakes, french toast, sausage, eggs and a choice of juice. Many workers from District 4 helped to make it a success.

Thanks everyone for your hard work.

Jane Lozier and Margaret Anderson

Broccoli Cauliflower Salad

RESULTS OF ANNUAL MEETING

February 19, 2014

LADIES LUNCH BUNCH

The February Lunch bunch did

something a little bit different. We went to the Broadway Palm Dinner Theater.

Twenty three ladies went for a lunch and matinee and saw "South Pacific." The show was sold out, however they accommodated us with

theater seats and a private room for our lunch. The buffet was wonderful, a big salad bar, your choice of chicken or beef, rice or potatoes, vegetables and desserts up the kazoo. Afterward we went to our seats to watch nurse Nellie fall in love with "her" Frenchman" on an island in the South Pacific. This play was first performed in 1949 and the music was written by Richard Rogers and Oscar Hammerstein. Such songs they were, bringing back memories of times gone by. I sincerely hope all enjoyed it as much as I, and hopefully we might just do this again, next season.

Our March luncheon will be at Parrot Key on the 26th of March, a Wednesday at 11:30. The sign up sheet is in the clubhouse.

So hope to see you then.

Sue Hobot

WELCOME WAGON

The new owners of 48 Doubloon Way are not yet 55, but looking and planning ahead to a time when they can enjoy life here in PCC. Andy Burch is a project manager for Volvo power train. Beth works as a treatment coordinator for an Oral Surgeons Association. She has 2 girls, Anna and Amy. They come from the Pennsylvania area. They love to boat, cook and meeting new people. Welcome and Congratulations to Beth Hoover & Andy Burch

Kathy Becker, Secretary

The straw poll on the additional clubhouse space was 44 for and 36 against so the Board has elected not to pursue it any farther at this time.

Again, thank you to the people who helped at the Annual Meeting and to all who voted in support of The Board.

Lately we have had strangers driving into our back 40. If you are the last one leaving the back 40 please lock the gate.

LETTER FROM THE EDITORS

It is hard to believe March has arrived. While we have enjoyed a wonderful winter here in SW Florida the rest of the country has suffered terribly. I think of the homeless living in those areas, the shoveling of driveways, driving on those icy roads, the freezing cold, power outages and school closings and just think, how blessed we are to be here.

From the looks of things we will be having a very active social life this coming month. We have our BBQ chicken, the Shrimp fest on the beach, the Blessing of the Fleet, St. Paddy's Day, the starting of Lent and our March party, Spring Fling plus another Lady's Lunch. The time will just fly! The Shrimp Fest is a big event on the beach as they have the "run", the parade and the Lions will be cooking up over 1000 pounds of shrimp for this weekend. They have all kinds of shops and with the starting of Spring Break for the colleges it will be a busy time for all. I thought I would include a few "shrimp" facts that you might not know. PINK GOLD was discovered in early 1950 off the Dry Tortugas. In 1951 the first Blessing of the Fleet was held and it is done to this day. Our harbor "here" on San Carlos Island bring in \$60 million a year for the local economy, second only to tourism. Shrimp begin their lives as males but morph into females when it comes time to reproduce. They lay millions of eggs that will hatch 13-14 hours later. That the unofficial uniform of the shrimpers are their white rubber boots, which by the way are called, San Carlos bedroom slippers! So as we enjoy our "March" here in the park, think how

blessed we are to live here, to enjoy all the beach has to offer and to enjoy some of that "pink gold" fresh off the boats on OUR island and support the local industry .

LIFE IS GOOD.

Poker Night

President's Letter

March 3rd at 7:00 pm will be the last meeting of your current board of the Civic Association. The new board will be elected that night so it would be great to have you there offering your support.

The current board is willing to serve another year unless there is someone who wants to run for an office. I want to thank Annette, Duane, Anne, all of the street reps, and committee chairmen who helped make everything run very smoothly this year. The parties and breakfasts have been great. The best support you can give is to attend the Civic Association meetings.

We will be serving wine, cheese and crackers after the meeting on the 3rd.

District 4 had the Valentine's Party with Danny Albino as the entertainment. I believe a great time was had by all.

Jan Thon

MEN'S CLUB

We've had a fairly quiet month. Not a whole lot of projects on our list.

We did get the sidewalks by the clubhouse completed. That was a big project. It turned out to look very nice. A big thanks to all the fellows who worked on this project.

We have installed a new garage door on our storage trailer in the back 40. We've also installed 2 new doors in the compound. one for the man cave and one going into the maintenance room. Thanks for the help on these projects.

We trimmed the trees along Main St. and along the fence in the back compound.

The sail on our ship at the park entrance was pressure washed.

Plans are all finished for the CHICKEN BBQ that happens on Sunday March 9.

We've been having 22-25 guys at our meetings.

Good job guys.

Again, Thanks to all of the guys who helped on these projects.

See you at the CHICKEN BARB.

THANKS,

Ken Eul

Boat lift damage in the park.

This caused by Electrolysis. Apparently, there is copper used in the pilings which acts as a conductor which allows current to pass to the aluminum/steel components of the lifts. Anyone with a boat lift in the park should examine it for damage! Make sure to look at the outside upper beams as well. It seems that some of them don't have the proper insulator (plastic/vinyl buffer) between the piling and the alum/steel components. The health of the electricals going to the lifts plays a big part in this potential condition also. It is suggested that everyone with a lift Take a good look and check for damage. If any is found, steps can be taken to remedy the situation.

Folks can feel free to contact me and I will discuss my findings with them.

Thanks,

John Rankin
